

5400 Series Digital Telephones

Overview

Avaya 5400 series digital telephones deliver advanced productivity-boosting features, including a large display, key labeling and a 100-entry call log. They are designed to be a cost-effective choice for any business or contact center using IP Office.

Capabilities

The Avaya 5400 series digital telephones come standard with the following capabilities:

- The 5400 series Digital telephones simplify access to important features with:
 - 10 fixed feature keys with global-ready icons: Hold, Conference, Transfer, Drop, Redial, Mute, Volume up/down, Speaker, Message and Feature (to access additional dial pad features)
 - Up to 24 programmable call appearance/feature keys that are electronically labeled
 - 4 menu/display navigation keys (5410 and 5420 only)
- Call log and Speed dials
- Speakerphone (listen-only on 5402)
- Message Waiting Indicator
- Built-in headset jack (5410 and 5420 only)
- 8 personalized ring patterns
- Hearing aid compatibility
- Investment protection with downloadable firmware (5410 and 5420 only)
- Wall mountable with included desk/wall mount stand
- Local language customization for phone menu (5410 and 5420 only)

Benefits

The 5400 series telephones bring Avaya state-of-the-art technology directly to your desktop, delivering efficient service, superior voice quality, along with cutting-edge communications features. Label-less call appearance/feature keys simplify administration. Local call log and speed dial directory enhance productivity.

Avaya Advantage

Electronic key labels eliminate paper labels, simplifying phone administration and management.
